Fiscal Policy and Planning/Office of School Finance

SUBJECT: November School Elections/Board of Education candidates

For school districts having a November election, in the situation where a board of education vacancy arises after the date for submission of board of education candidates (the June primary), we have concluded that it is reasonable for a board candidate to petition the county election clerk prior to sixty days before the date of the November election.

Please forward this message to the chief school administrators, school business administrators and board secretaries in your county.
