SUBJECT: Vendor Survey - NJ WIC Participant Accommodations

The New Jersey WIC program is conducting a survey and requesting participation from all New Jersey Authorized Vendors. The New Jersey WIC program used the web-based Novi Survey application to facilitate the gathering and analysis of the data.

In an effort to assess a WIC participants shopping needs and potential barriers to shopping, the New Jersey WIC program requires this short survey to be completed. The New Jersey WIC program will collect and maintain up to date information for Participant Access determinations. The collection of this information will help in making future decisions.

The short survey can be found here:

<http://healthsurveys.nj.gov/NoviSurvey/n/ParticipantAccommodations.aspx>

All New Jersey WIC Authorized Vendors must complete the Novi Survey no later than December 2, 2022.

Your participation in this survey is anonymous and your responses will be kept confidential. You should be able to complete the survey with 10 minutes or less. Your honest responses will ensure the New Jersey WIC program is appropriately assessing participant access.

The Inadequate Participant Access Policy can be found on the Department of Health, WIC webpage at:
