Dear Resident,

During the course of routine maintenance, the Veterans Home identified areas of concern with respect to the appearance of drywall in some areas of the facility.

Out of an abundance of caution, we temporarily relocated several residents. I worked with our engineering team to conduct a room by room survey to ensure a safe environment for all residents and staff. At this time, we do not anticipate any further room changes.

Over the next few weeks, the Veterans Home will complete repair activities to mitigate any problems and ensure the highest possible quality of care for your neighbors and you. I will send an additional update as information becomes available.

If you have any questions, please do not hesitate to contact me. My door is always open.

Regards,
